SUNMAN-DEARBORN COMMUNITY SCHOOL CORPORATION TECHNOLOGY USAGE AGREEMENT

The Internet and various forms of technology are a collection of networks that allows access to an unprecedented amount of information and resources. When properly utilized, this can enhance collaboration, communication, learning, and classroom instruction. We are pleased to be able to provide this level of technology to both staff and students.

With access to such a great wealth of information and resources, both staff and students (collectively referred to as “users”) must understand and practice proper ethical use. All users must understand their responsibilities regarding procedures, policy, and security before using the network.

Important General Usage Guidelines

- A. S-DCSC seeks to provide access to digital and online materials for learning. Only websites that are related to work, instruction, or research are authorized for use.
- B. All Games are strictly forbidden from use unless they are educationally related to the curriculum being taught.
- C. Streaming video and audio is not authorized unless educationally or instructionally related. (i.e. music videos, Spinner, etc.)
- D. All music sharing programs (Napster, Morpheus, Kazaa, Gnutella, iMesh, etc.) are banned from use on campus.
- E. External and personal email, chat rooms, and instant messaging are not authorized for use on campus. Only school-approved and issued accounts (such as Google Apps for Education, iXL, Renaissance Place, and education websites) will be allowed for educational purposes.
- F. File storage on campus computer systems is to be used for educational, instructional, or work related use only. Do not store games, videos, inappropriate pictures, hacking utilities, etc. on any computer or network resource.
- G. Any unauthorized access or attempted access to the student information system will result in strict disciplinary action.
- H. The use of slanderous language via any electronic communication is strictly prohibited.
- I. No student or staff member shall access inappropriate material via the Internet while on campus and using school resources. This includes, but is not limited to, pornographic sites, child pornography, racist sites, illegal activities, and any other site that is unlawful, immoral, or unethical. This policy includes all technology resources such as computers, mobile devices (including cell phones)

TECHNOLOGY USAGE ADDITIONAL GUIDELINES

Conditions, Rules, and Acceptable Use Agreement

INTERNET: Sunman-Dearborn Community Schools (S-DCSC) has actively pursued advanced technology to provide access to learning opportunities for our students and staff. We believe that computers connected to the Internet will help propel today's schools into the information age by allowing students and staff to access and use information sources from distant computers, communicate and share information with individuals or groups of other students and staff, and significantly expand their knowledge base. The Internet is a tool for lifelong learning that will open the door to many advanced educational tools.

PROPER AND ETHICAL USE: With this new learning tool students and staff must understand and practice proper and ethical use. All students and staff must attend in servicing regarding procedures, ethics, and security involving the use of the Internet before receiving an account name and password in order to use the system.

CONDITIONS AND RULES FOR USE

A. Acceptable Use

1. The purpose of the Internet is to facilitate communications in support of research and education, by providing access to unique resources and an opportunity for collaborative work. To remain eligible as a user, the use of your account must be in support of and consistent with the educational objectives of S-DCSC. Access to the Internet is made possible through an appropriate provider to be designated by S-DCSC at its sole discretion. S-DCSC and all users of the Internet must comply with existing rules and acceptable use policies, which are incorporated into this document.
2. Transmission of any material in violation of any United States or state regulation is prohibited. This includes, but is not limited to, copyrighting material, threatening or obscene material, or material protected by trade secret.
3. Use for commercial activities is generally not acceptable. Use for product advertisement or political lobbying is also prohibited.

B. Privilege

The use of the internet is a privilege, not a right. Inappropriate use, including any violation of these conditions and rules, may result in cancellation of the privilege. S-DCSC, under this agreement, is delegated the authority to determine appropriate use and may deny, revoke, suspend or close any user account, at any time, based upon its determination of inappropriate use by the account holder or user.

C. Monitoring

The S-DCSC reserves the right to review any material on user accounts, computers, and file server space in order for S-DCSC to make determinations on whether specific uses of the network are inappropriate. In reviewing and monitoring user accounts and file server space, S-DCSC will respect the privacy of those accounts.

D. Network Etiquette

All users are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not use abusive language in your messages to others.

2. Use appropriate language. Do not use profanities, vulgarities, or any other inappropriate language. Do not engage in activities that are prohibited under state or federal law.
3. Do not reveal any personal information about yourself, students, or colleagues. This includes personal addresses and phone numbers.
4. Note that electronic mail (email) is not guaranteed to be private. People who operate the system do have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities and may result in the loss of user privileges.
5. Do not use the network in such a way that you would disrupt the use of the network by other users.
6. All communications and information accessible via the network is assumed to be private property.
7. Personal purchases on the school Internet is prohibited.

E. No Warranties

S-DCSC makes no warranties of any kind, whether expressed or implied for the services it provides. S-DCSC will not be responsible for any damages a user suffers. This includes loss of data resulting from delays, non-deliveries, incorrect deliveries, or service interruptions caused by the S-DCSC negligence or by the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. S-DCSC specifically denies any responsibility for the accuracy or quality of information obtained through its services. All users need to consider the source of any information they contain and consider how valid that information may be.

F. Security

1. Security on any computer system is a high priority, especially when the system involves many users. Users must never allow others to use their password. Users should also protect their password to ensure system security and their own privilege and ability to continue to use the system.
2. If you feel that you have identified any security problem on the network, you must notify a system administrator. Do not demonstrate the problems to other users.
3. Do not use another individual's account.
4. Attempts to log on to the network as a system administrator may result in cancellation of user privileges.
5. Any user attempting to operate a malicious piece of software designed to hack, crack, or alter any part of the network, elevate user privileges, or produce unnecessary bandwidth consumption will have disciplinary action taken against them.
6. S-DCSC may deny Internet access to any user identified as a security risk for having a history of problems with other computer systems.

G. Vandalism and Harassment

1. Vandalism and harassment will result in cancellation of user privileges.
2. Vandalism is defined as any malicious attempt to harm, modify, and destroy data of another user, the Internet or other networks that are connected to the Internet backbone. This includes, but is not limited to, defacing hardware, changing network or individual computer settings or configurations, uploading or creating of computer viruses, trojans, and other malicious software. Harassment is defined as the persistent annoyance of another user, or the interference of another user's work. Harassment includes, but is not limited to, the sending of unwanted email.

H. Procedures for Use

1. Student users must always get permission from their instructors before using the network or accessing any specific file or application. Follow written and oral classroom instructions.
2. All users have the same right to use the equipment. Therefore, users shall not play games (network or local) or use the computer resources for other nonacademic activities. In addition, users shall not waste nor take supplies, such as paper, printer cartridges, diskettes, or cd's that are not provided by the S-DCSC.

I. Encounter of Controversial Material

Although the district employs an Internet Filtering Device, users may encounter material that is controversial and which users, parents, teachers or administrators may consider inappropriate or offensive. However, on a global network it is impossible to control effectively the content of data and an industrious user may discover controversial material. It is the user's responsibility not to initiate access to such material. Any decision by S-DCSC to restrict access to Internet material shall not be deemed to impose any duty on S-DCSC to regulate the content of material on the Internet.

PENALTIES FOR IMPROPER USE

- A. Any user violating these rules, applicable state and federal laws or posted classroom and district rules are subject to loss of network privileges and any other District Disciplinary options.
- B. In addition, pursuant to the State of Indiana Law, any unauthorized access, attempted access, or use of any state computing and/or network system is a violation of Indiana Penal Code and/or other applicable federal laws, and is subject to criminal prosecution.

HOURS FOR STUDENTS

Early bus students and students arriving early in the morning report to the cafeteria/gym until the 8:05am bell. In the afternoon, late bus students report to the cafeteria by 3:00pm and remain there until the bus arrives.

SCHOOL CLOSING/DELAY/EARLY DISMISSAL

Parents will be notified by phone call or email through our automated calling system in the event of a school closing, two-hour delay, or early dismissal. Arrangements should be made for the care and supervision of children in the event of dismissals due to weather or other unforeseen emergencies. Students can only be picked-up by persons listed on their Health Information Sheet. A photo ID may be required. School closing, delayed starting time or early dismissal will be announced over radio stations WSCH-99.3 Aurora, and WRBI-104 Batesville. This information will also be carried on the Cincinnati radio and TV stations. The

corporation website will also be updated. Parents should notify the guidance secretary when change of address or phone number occur in order for the school to maintain current contact information.

Each student is issued a locker in which they are not permitted to share, switch, or set lockers. Violators will be subject to disciplinary action at the discretion of the administration.

PERSONAL POSSESSIONS

Students should bring only items necessary for class work, school sponsored extracurricular or sports activities. If it is necessary to bring such items, make arrangements with the sponsor, teacher, or coach for safekeeping. The school will not be responsible for any item damaged, lost or stolen. Anything punishable by the State of Indiana is not permitted at school and will be confiscated. Disciplinary action will be taken.

CELL PHONE POLICY

Cell phones are allowed at S-DMS. However, it is at the teacher's discretion if they wish to allow them in their individual classroom(s). Any such violation(s) of the teacher's classroom cell phone policy could result in a referral to the office.

ANTI-HARASSMENT

General Policy Statement

It is the policy of the School Board to maintain an education and work environment which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, or any other unlawful basis, and encourages those within the School Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated; the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "School Corporation community" means students, administrators, teachers, staff, and all other school personnel, including Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Concerns regarding harassment of students should be directed to building administration (812) 576-3500 so that a formal complaint process may be initiated. The formal process for addressing complaints for student harassment which was adopted by the Sunman Dearborn Community Schools Board is outlined in detail on the district website.

Asbestos Notification
AHERA Rule 40 CFR 763

The Asbestos Hazard Emergency Response Act requires that the employees, participants, and students attending our schools be informed of the presence of any asbestos containing materials in the facilities of the Sunman-Dearborn community School Corporation. The information provided below is a result of federal, state and local inspections. The asbestos present in the High School is contained within the fume hoods in the science labs. The material is in a manageable condition and will not cause a hazard to the occupants of the building. The asbestos present in the Middle School is contained within the fume hoods in the science rooms. The material is in a manageable condition and will not cause a hazard to the occupants of the building.

The asbestos present in the old North Dearborn Elementary School is contained within the pipe insulation in the gym over the stage and under front room sinks. This material is contained out of the environment since it is wrapped in cloth and sealed with paint. There is also floor tile that contains asbestos material. The floor is in manageable condition because it is not cracked or broken and is sealed with floor finish. The three current elementary school, Bright, Sunman and North Dearborn are free of asbestos materials. A management plan has been written and approved for the control and elimination of these materials. Each building has such a plan on file. As part of this management plan, an inspection of all asbestos-containing materials is conducted by Astesco Inc. every three years with the last being done on January 7, 2016. Additional re-inspections are conducted twice each year by the school corporation. Should you have questions regarding the management plan or health risks that might be caused by the presence of asbestos, contact The Director of Support Services at Central Office or your building Principal.

MEDICAL INFORMATION

MEDICATIONS TAKEN AT SCHOOL

1. No medicine prescribed by a physician shall be given to a student without written consent of the physician **AND** parent.
2. It is the responsibility of the parent/guardian or designated adult to make sure that medications are delivered safely to the nurse. No student, grades K-8, can transfer medicines to and from school.
3. All prescribed medicines must have the pharmacy label on the **CONTAINER**. This includes all medicines, inhalers and epi-pens.

4. Medication must be administered in accordance with the physician's prescription. The dosage cannot exceed the recommendation of the Physicians Desk Reference. Any changes to doses or time of dosage must be given to the nurse in writing and signed by the physician.
5. **ONLY** antibiotics that are prescribed to be given 4 times a day will be given at lunch.
6. Non-prescription medicines (over-the-counter) will be dispensed with parent/guardian written permission. This permission will be for the period of time specified and **NEVER** longer than the current school year.

8. Unless other arrangements are made, medications left at the end of the year will be disposed of.

INFECTIOUS OPEN WOUND POLICY

In order to attend classes, all open sores must be covered and cleared from medical doctor or school nurse prior to attending class or riding the bus.

OPEN SORE and/or STAPH INFECTIONS

Practice good hygiene:

- Keep your hands clean by washing thoroughly with soap and water or using an alcohol-based hand sanitizer.
- Keep cuts and scrapes clean and covered with a bandage until healed. Apply antibiotic ointment 3 times per day until the cut or scrape is healed.
- Avoid contact with other people's wounds or bandages.
- Do not share personal items such as towels or razors.

Drug-resistant Staph infections can become a problem for some children. Treatment of a skin infection does not always get rid of Staph bacteria in the nose or throat. Even if all of the bacteria were removed from your child during treatment, because other family members may have the staph bacteria in their noses and throats, your child may continue to get the bacteria from contact with family. Taking medicine for longer periods of time can help remove drug-resistant Staph bacteria from all members of your family. Talk to your healthcare provider about these treatments.

PEST CONTROL POLICY

The Sunman-Dearborn Community School Board has adopted a Pest Control Policy. This policy follows 357 IAC 1-16 Pesticide Use at Schools. We are committed to providing a safe environment for students, staff and visitors, one free from exposure to pests and pesticides. Students, parents, guardians, and staff have the right and we have the responsibility to notify you if we apply pesticides on school property. This notification does not apply to the use of the following pesticides: 1) When used in normal cleaning activities: germ killers, disinfectants, sanitizing agents, water purifiers and swimming pool chemicals; 2) Personal insect repellents when self-applied; 3) Gel baits or manufactured enclosed insecticides when used where students and staff members have no access to the insecticides. Certain pest problems can pose an immediate threat to the health of students or staff. In case of emergencies, notification of pesticide application will be provided as soon as possible following the application.

Should you wish to be notified prior to pesticide application at your school (or schools); a form is available from the principal's office. Per Indiana Administrative code, SDCSC will provide notice prior to the date and time the pesticide application is to occur for those who have registered.

SUNMAN-DEARBORN MIDDLE SCHOOL EXTRACURRICULAR ACTIVITIES DRUG TESTING PROGRAM

THE MISSION AND PHILOSOPHY OF SUNMAN-DEARBORN MIDDLE SCHOOL

Mission

The mission of Sunman-Dearborn Middle School: Preparing Learners for Tomorrow's Challenges.

Philosophy

We believe that the primary goal of education in America is to prepare young people for effective participation in our democratic society. This participation entails the mental, social, physical, emotional and moral development of each. In order to meet this challenge, we at Sunman-Dearborn Middle School believe that the efforts of all facets of the community are needed, including the student, parents, home, community, school and agencies, as well s, local, state and federal governments. The total school, home, and community must cooperate to provide an environment which encourages self-respect, respect for others, scholastic achievement and appropriate self-direction. The school and community must exhibit genuine concern for each individual youth and act as models of good citizenship. They must also ensure that the school curriculum, extracurricular activities, teaching methods, materials and equipment are varied and extensive enough to meet the needs, interests, and abilities of all students. Sunman-Dearborn Middle School is a comprehensive high school which includes a vast curriculum and wide range of activities. It is our goal to provide an extensive program to help each student achieve their maximum potential and be as prepared as possible to enter their chosen place in society upon graduation. The staff and students of the school must recognize and constantly attempt to fulfill their separate, interdependent roles in the cooperative educational process. It is the role of the staff to teach, guide, assist, and challenge: it is the role of the students to cooperate and pursue their maximum achievement within the realm of their potentials. If all community and school members meet their obligations, we believe that the result will be students who are well-adjusted individuals capable of effectively pursuing their life goals in an ever-changing society based upon democratic principles.

Introduction

The effective date of this program is July 1, 2017. This program does not affect the current policies, practices, or rights of Sunman-Dearborn Middle School with drug and/or alcohol possession or use, where reasonable suspicion is obtained by means other than drug testing through this policy. Sunman-Dearborn Middle School reserves the right to test any student who at any time exhibits cause for reasonable suspicion of drug and/or alcohol usage.

Reasonable Concern

Sunman-Dearborn Middle School has a strong commitment to the health, safety and welfare of its students. Results of studies throughout the United States, and an increased substance abuse problem in Dearborn and Ripley Counties of Indiana, indicate that education alone, as a preventive measure, is not effective in combating substance abuse. Statistics show that the mission of Sunman-Dearborn Middle School has not been realized. Our commitment to maintaining the extracurricular activities in Sunman-Dearborn Middle School as a safe and secure educational environment requires a clear policy and supportive programs relating to detection, treatment, and prevention of substance abuse by students involved in extracurricular activities.

Purpose

The drug test program is not intended to be disciplinary or punitive in nature. Students involved in extracurricular activities need to be exemplary in the eyes of the community and other students. It is the purpose of this program to prevent students from participating in extracurricular activities, including operating a motor vehicle on school grounds, while he/she has drug residues in his/her body, and it is the purpose of this program to educate, help, and direct students away from drug and alcohol abuse and toward a healthy and drug free participation. No students shall be expelled or suspended from school as a result of any verified "positive" test conducted by his/her school under this program other than stated therein.

Scope

Participation in extracurricular activities is a privilege. This policy applies to all Sunman-Dearborn Middle School students in grades 7-8 who wish to participate in extracurricular activities that are listed in a current student handbook and any other school sponsored extracurricular activities not listed. For the purposes of this policy extracurricular is defined as any school sanctioned activity the student participates in which they do not receive a grade. Since operating a motor vehicle is also considered a privilege, and affects the safety of others, this policy also applies to any student who operates a motor vehicle on school property.

Drug Education

The sponsor or coach of each extracurricular activity will require the attendance of all prospective participants at one or more drug education sessions. Each prospective participant shall receive a copy of this policy and the policy will be explained to them at this time. An educational presentation will also be made to educate the students about the harmful effects and consequences of alcohol and other drug abuse. Students will receive information as to where they can seek professional help, if needed, for a use or abuse problem.

Consent Form

It is MANDATORY that each student who participates in extracurricular activities, sign and return the "consent form" prior to participation in any extracurricular activity. Failure to comply will result in non-participation. Each extracurricular participant shall be provided with a "consent form", a copy of which is attached hereto, which shall be dated and signed by the participant and by the parent/guardian. In addition, parents/guardians can voluntarily register their child to participate in the random drug testing program if the student does not participate in extracurricular activities at Sunman-Dearborn Middle school by complete the "consent form". In so doing, the student is agreeing to participate in the random drug testing program at Sunman-Dearborn Middle School.

Testing Procedures

1. The selection of participants to be tested will be done randomly by the principal/administrative designee, and selections will be made from time to time throughout the school year. Names will be drawn from one large pool of those agreeing to be tested. Testing may occur on a different day, Monday through Friday. This variable schedule will keep students conscious of the possibility of being tested at any time during the year. Each student will be assigned a number that will be placed in the drawing.
2. No students will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences.
3. Upon being selected for a urinalysis test under this policy, either by random draw, reasonable suspicion, request of a parent/guardian, or a "follow-up" test, a student will be required to provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis.
4. All students will remain under school supervision until they have produced an adequate urine specimen. If unable to produce a specimen, the student will be given up to 24 ounces of fluid. If still unable to produce a specimen within two hours, the student will be taken to the principal's office and told he/she is no longer

eligible for any extracurricular activities. In addition, the parent/guardian will be telephoned and informed the student is unable to produce a sample for the testing procedure and that he/she may be tested at a later date to be reinstated for eligibility.

5. All specimens registered below 90.5 degrees or above 99.8 degrees Fahrenheit will be invalid. There is a head strip on each of the specimen bottles indicating the validity of the urine specimen by temperature. If this occurs, another specimen must be given by the student.
6. If it is proven that tampering or cheating has occurred during the collection, the student will become ineligible for all the “extracurricular activities” for the remainder of the school year. This will be reported to the parent/guardian.
7. Immediately after the specimen is taken, the student may return to class with an admit slip or pass with the time he/she left the collection site. The principal/administrative designee must time and sign the pass.
8. The specimens will then be turned over to the testing laboratory, and each specimen will be tested for alcohol, nicotine, and “street drugs” (which may include all drugs listed as controlled substances under the laws of the state of Indiana). Also “performing enhancing” drugs such as steroids may be tested.
9. The laboratory selected must follow the standards set by the Department of Health and Human Services. It must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission of Accreditation of Healthcare Organizations (JCAHO).

Chain of Custody

1. The certified laboratory will provide training and directions to those who supervise the testing program, set up the collection environment, and guarantee specimens and supervise the chain-of-custody. To maintain anonymity, the student’s number, not name, will be used.
2. The principal/administrative designee will be responsible for escorting students to the collection site. The student should bring all materials with him/her to the collection site and should not be allowed to go to his/her locker.
3. Before the student’s urine is tested by the laboratory, students will agree to fill out, sign and date any form which may be required by the testing laboratory. If a student chooses, he/she may notify the administrator that he/she is taking a prescription medication.
4. A sanitized kit containing a specimen bottle will be given to each student. The bottle will remain in the student’s possession until a seal is placed upon the bottle. The student will sign that the specimen has been sealed. The seal may be broken only by the lab testing the specimen.
5. If the seal is tampered with or broken, after leaving the student’s possession and prior to arriving at the lab, the specimen is invalid. The student will be called again as soon as possible. The student will remain eligible for extracurricular activities subsequent to retest.
6. The supervisor obtaining the urine specimen will be of the same gender as the student. Students will be instructed to remove all coats and wash their hands in the presence of the supervisor prior to entering the restroom. The door will be closed so that the student is by himself/herself in the restroom to provide the urine specimen. The commode will contain a blue dye so the water cannot be used to dilute the sample. The faucets in the restrooms will be shut off.
7. After it has been sealed, the specimen will be transported to the testing laboratory by lab personnel. The testing laboratory will report the results back to the principal/administrative designee.
8. In order to maintain confidentiality, the container which contains the urine specimen to be tested will not have the name of the student on the container; instead, the student’s random identification number will appear on the container. Also the results sheet for the urinalysis will be mailed back to the principal/administrative designee with no name attached; only the student’s random identification number will appear on the results sheet.

Test Results

1. This program seeks to provide needed help for students who have a verified “positive” test. The students’ health, welfare, and safety will be the reason for preventing students from participation in extracurricular activities or operating a motor vehicle on school property.
2. The principal/administrative designee will be notified of a student testing “positive” (that is, if the test shows that drug residues are in the student’s system after using at least two different types of analysis). The principal/administrative designee will notify the student and his/her parent/guardian. The student or his/her parent/guardian may submit any documented prescription, explanation, or information which will be considered in determining whether a “positive” test has been satisfactorily explained.
3. If the test is verified “positive”, the principal/administrative designee will meet with the student and his/her parent/guardian at the school corporation facility. The student and parent/guardian will be given the names of counseling and assistance agencies that the family may want to contact to help. If a counseling program is available through the school corporation at the time of a verified “positive”, the student will be referred to complete the school-sponsored program. The student will be prevented from participating in extracurricular activities or operating a motor vehicle on school property until after a “follow up” test is requested by the principal/administrative designee and the results are reported.
4. A “follow up” test will be requested by the principal/administrative designee after such an interval of time that the substance previously found would normally have been eliminated from the body. If this “follow up” test is negative, the student will be allowed to resume extracurricular activities and operating a motor vehicle on school property. If a student was referred to a counseling program by the school corporation, the student must also complete the counseling program to be allowed to resume extracurricular activities and operating a motor vehicle on school property. If a second “positive result” is obtained from the “follow up” test, or any later test of that participant, the same previous procedure shall be followed. In addition, Sunman-Dearborn Middle School reserves the right to continue testing at any time during the remaining school year any participating student who tested “positive” and did not make satisfactory explanation.
5. Information on a verified “positive” test result will be shared on a “need to know” basis with the student’s coach or sponsor. The results of “negative” tests will be kept confidential to protect the identity of all students being tested.
6. Drug testing result sheets will be returned to the principal/administrative designee identifying students by number and not by name. Names of students tested will not be kept in open files or on any computer. Result sheets will be locked and secured in a location that only the principal/administrative designee have access to.
7. A positive result from nicotine will not be considered a violation in the case of a student who operates a motor vehicle on school property and does not participate in any extracurricular activities. This sentence shall not be interpreted to allow students to use or possess tobacco products on school property.

Financial Responsibility

1. Under this policy, Sunman-Dearborn Community Schools will pay for all initial random drug tests, all initial reasonable suspicion drug tests, and all initial “follow up” drug tests. (Once a student has a verified “positive” test result and has subsequently tested negative from a “follow up” test, any future “follow up” drug test that must be conducted will be paid for by the student or his/her parent/guardian.)
2. A request on appeal for another test of a “positive” urine specimen is the financial responsibility of the student or his/her parent/guardian.
3. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student or his/her parent/guardian.

Confidentiality

Under the drug testing program, any staff, coach, or sponsor of Sunman-Dearborn Middle School who may have knowledge of the results of a drug test will not divulge to anyone the results of the test or the disposition of the student involved, other than in a case of a legal subpoena being made upon that person in the course of a legal investigation. Once again, this will underscore the Sunman-Dearborn Middle School commitment to confidentiality with regards to the program.

Other Rules

Apart from this drug testing program, Sunman-Dearborn Middle School Athletic Department and the coaching staff of each sport have their own training rules and requirements as listed in the board approved Sunman-Dearborn Middle School student handbook. Coaches have the necessary authority to enforce those rules. Any student who violates a rule or requirement as a member of a team will be subject to the consequences as defined in those rules and requirements.

In addition, Sunman-Dearborn Middle School extra-curricular and co-curricular activities and the sponsor of each activity have their own training rules and requirements. Sponsors have the necessary authority to enforce those rules. Any student who violates a rule or requirement as a member of an activity will be subject to the consequences as defined in those rules and requirements. Any student banned from participating in a co-curricular performance such as band or choir, will be given an alternate assignment to earn credit for the activity without detriment to their grade.

The Code is adopted for interscholastic sports with the intent of creating a uniform understanding for all athletes, managers, and cheerleaders in grades 6 through 8.

All student athletes are students first with all regulations, policies, and school rules applying. The Athletic Code is basically an extension of those school rules. The student athlete must understand this Code is in effect at all times, not just during the season in which they are participating, but from the time they become a student athlete until they leave the Sunman-Dearborn Community Schools.

- Live within the Sunman-Dearborn school district.
- Be enrolled in a state accredited school.
- Receive no more than one F in the previous grading period.

Students living within the district but attending other schools will only be eligible to participate in sports at Sunman-Dearborn Middle School if the enrolled school does not offer the sport. Athletes must be students first. If an athlete receives two failing grades in any one grading period, including progress reports, he/she will be ruled ineligible for the next grading period unless he/she wishes to participate in the Athletic Academic Probation Program (see below). Any student retained in their present grade because of academic failure will be ineligible for the first grading period and eligibility will be reviewed by the Athletic Director.

STUDENT ATHLETIC ACADEMIC PROBATION

Student athletes that wish to participate in a sport who have received two failing grades in the previous grading period will be placed on Athletic Probation. Students will remain on probation until the next midterm grading period. The student will be permitted to practice ONLY.

If a student has two failing grades at a mid-term, they will be on Academic Probation. In order to play during "Academic Probation", the student will be responsible for printing their grade checks and giving them to the Athletic Director on game day to determine eligibility. The grade checks will only be accepted from the school-based grade system, NO WORD OF MOUTH. If at that time the student athlete has less than two failing grades, they will be eligible to participate in all activities; however, for

the remainder of the probationary time students must continue to present grade checks on a weekly basis to the Athletic Director. Participants in this program are expected to attend all practices and required activities as set forth by the coach and will be required to pay a transportation fee. No refunds will be issued. While on Academic Probation, if the student-athlete exceeds (2) failing grades, they will be removed from the team for the remainder of the season.

1. Discipline may be given when a student is:
 - a. On school grounds immediately before or during school hours, immediately after school hours or at any other time when the school is being used by a school group.
 - b. Off school grounds at a school activity, function, or event;
 - c. Traveling to or from school or a school activity, function, or event; or

3. Educational outreach and training may be provided to school personnel, parents, and students concerning the identification, prevention, and intervention in bullying.
4. All schools in the corporation are encouraged to engage students, staff and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.

DISCIPLINE PENALTIES

Disciplinary actions may include but not limited to:

- **WARNING or REPRIMAND**
- **DEMERIT**
- **AFTER SCHOOL DETENTION** (assigned on Friday from 3:00-4:00pm)
- **FRIDAY SCHOOL** (assigned on Friday from 3:00-4:00pm)
- **IN-SCHOOL-SUSPENSION** – Students receive ISS for specified disciplinary infractions. Students are escorted to ISS room at East Central High School with schoolwork. Students are issued scheduled and supervised restroom and lunch breaks. Failure to complete assigned course work will result in additional days in ISS, OSS or ACDC, at the discretion of the principal and/or assistant principal.
- **ALTERNATIVE CLASSROOM** – The Alternative Classroom for Dearborn County (ACDC) is an alternative to suspension program that will serve the needs of all of the secondary schools in Dearborn County. Students who commit serious infractions may be assigned to ACDC from 1-10 days, rather than out-of-school suspensions. During the time of the ACDC assignment, students will be required to complete all assignments for full credit and perform community service activities under the direction and supervision of the Community Corrections Department. Students are responsible to turn in completed assignments upon their return to the home school or upon completion of the ACDC duration. Transportation to and from ACDC is the responsibility of the parent or guardian.
- **OUT-OF-SCHOOL SUSPENSION** – Students may be legally suspended for ten school days if circumstances warrant.
 - *Students who are assigned out-of-school suspension will not be allowed to make up any work which occurred during that period of suspension. Likewise, students will not be allowed to perform or participate in any curricular or extracurricular activities during that period of suspension.*
 - *Students under OSS are not to be on school property at any time for any reason unless proper authorization has been received from the principal's office. Students who come on school property during a period of out-of-school suspension are liable for charges of trespassing.*
 - *All out-of-school suspension days are unexcused absences; however, they will not be counted toward further disciplinary action as outlined in the attendance policy.*
- **EXPULSION** – Removal of student from school for a period exceeding ten days. A student may be expelled for unlawful activity on or off school grounds if the activity interfered with an educational function or school purpose or if the removal of the student is necessary to restore order or to protect the safety of persons on school property. Expelled students may be required to complete supplementary instruction in order to avoid retention for the upcoming school year as determined by the principal and/or assistant principal. There are two general grounds for expulsion or suspensions; student misconduct and substantial disobedience.

The administration has made every attempt to develop rules and regulations in the Student Agenda that addresses most of the situations that may occur at Sunman-Dearborn Middle School. If a situation occurs which is not covered, it is the responsibility of the administration to take prudent and responsible action to protect the educational process from disruption and/or the safety and welfare of students and staff in the middle school building. All school rules apply at extra-curricular activities.
