Southeastern Career Center is excited to announce the Fearless Female Program for Thursday, February 21, 2019. The Fearless Female Program will run in two sessions. The goal of the program is to expose young women in grades eight and nine to non-traditional and STEM related career pathways.

Southeastern Career Center's hope is for the sending schools to encourage their eighth and ninth grade females to participate in this fun day by sending their young ladies during the times that the school is normally here.

All activities will be interactive. The Fearless Female Program is supported by Lincoln Tech, ITU, IN-MAC, and several other manufacturer's in the area.

Each girl will walk away with door prizes, T-shirts and possibly new prospective job ideas. We are hoping for a great turnout for this opportunity being offered to the students.
